To Whom it May Concern:

Dear Sir/ Madame:

**Re: CWC Architectural Millwork 2007 Inc.**

We have worked with CWC on several large and small projects over the last five years. We greatly appreciate their fine workmanship, attention to details, willingness to explore solutions, teamwork and good co-ordination between office staff and site staff. They are a pleasure to work with and our clients are always very satisfied with CWC's finished product.

We look forward to working with CWC Architectural Millwork again in the future and greatly appreciate their commitment to a very high level of workmanship.

Regards,
